INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Jacksonville City Directory since 1957) present to subscribers and the general public, this, the 1958 edition of the Jacksonville City Directory, which also includes the rural routes emanating from the Jacksonville Post Office.

Confidence in the growth of Jacksonville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Jacksonville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Jacksonville Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Jacksonville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Jacksonville and vicinity and on the Jacksonville rural routes, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community,

1A
7933-74

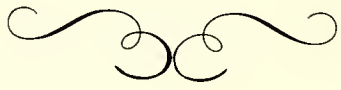

depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Jacksonville and vicinity.

The Jacksonville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Jacksonville City Directory, a Directory Library is maintained in the offices of the Jacksonville Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Jacksonville is located on the scenic banks of New River in the South Coastal

Area of North Carolina, 37 miles southwest of New Bern and 51 miles northeast of Wilmington.

The Government of the town of Jacksonville is the Council Manager form. The Mayor is elected at large, and the four members of the Council are elected from the four wards of the Town. The Town Manager is appointed by the Council and is charged with the administration of the Town's affairs and is responsible to the Council. To advise and assist the council and the Manager, there are the following advisory commissions and boards. The Planning Board, the Recreation Commission, Cemetery Commission and the Zoning Board of Adjustments.

Jacksonville boasts an alert daily Morning newspaper, which subscribes to several of the noted news services. Being a Morning paper, its heavy circulation gets the news to the many subscribers early enough to keep the population posted on news ordinarily published in evening papers.

Two modern radio stations serve the Jacksonville area. WJNC has been on the air since 1945, and WLAS opened during 1956. They have always been alert and quick to serve the best interest of Jacksonville and Onslow County. TV reception reaches Jacksonville from at least four regular stations.

Jacksonville has four fine schools, of which two are public primary schools, and one public high school, and one private primary school, (Catholic).

The public primary, the Clyde Erwin School in New River, just recently constructed, is considered one of the finest schools in the nation. Jacksonville is truly an example of this nations greatness in that freedom of religion is practiced. We have the Methodist, Baptist, Lutheran, Roman Catholic, Presbyterian, Mormon and Espicopal Churches.

In Jacksonville, business firms offering all types of merchandise and service, total in excess of 400.

There are 206 buses leaving and entering Jacksonville daily, the Atlantic Coast Line offers daily freight service and the Marine Corps has about completed passenger service between Camp Lejeune, and Cherry Point, N. C., which will be leased to one of the regular lines and afford train service for the many Marines to any point.

Tourist accommodations in Jacksonville are numerous. There are several hotels and many fine tourist courts, one of which is the second largest in the United States and known as the finest between Washington, D. C. and Jacksonville, Florida.

Jacksonville has a new county hospital completely equipped with modern facilities to assist our doctors in keeping our citizens in good health. Among the new items is an X-Ray Machine, presented through the local Cancer Society by the citizens and Marines of Onslow County. In addition to its fine surgical and mechanical instruments and machines, the hospital is capably staffed with outstanding men and women who are our doctors, nurses and managerial staff.

The Civic Clubs of the City, number twelve, with three additional auxiliaries, listed below:

Kiwanis	Woman's Club
Lions	Jr. Woman's Club
Jaycees	American Legion
Optimist	V. F. W.
Rotary	United Church Women
Garden Council	Moose

The climate in Jacksonville is classified as mild throughout the year with a temperature seldom below freezing during January, February and March, ascending to 90 and 100 during July and August.

Rainfall	57.53
Snowfall	7.00
Mean Annual Temperature	62.80

Metropolitan Jacksonville is the fastest growing community in the State of North Carolina. The growth has been of such proportions that it is almost impossible to give in any concise manner, an idea of all the changes that have occurred and to interpret what all the changes in the civic, social and business life of the city mean to those who live here.

NEW RIVER PHARMACY, INC.
"YOUR FAMILY DRUG STORE"

The population statistics for the City of Jacksonville show the reasons for the increased services and needs of the Community. As can be seen from the following table, Jacksonville's population has more than tripled in the short time between 1950-1956.

Year	Population
1940	873
1950	3,960
1956	15,000 (Estimate)

HISTORIC JACKSONVILLE AND ONSLOW COUNTY

Formed in 1734 from New Hanover County, Onslow County was named for Sir Arthur Onslow who was speaker of the House of Commons in the British Parliament.

President George Washington passed through Onslow County on his Southern Tour in 1791, enroute to Wilmington. He took breakfast at "Everett's" near Richlands, had dinner at Captain James Foy's at Rick's Run, and spent the night at "Sage's Ordinary", in the Southern part of the county. President Washington wrote in his diary, "The whole road from New Bern to Wilmington (except in a few places of small extent) passes through the most barren country I have ever beheld".

Two Governors of North Carolina may be claimed by Onslow County. Edward B. Dudley, elected from New Hanover County, the first governor elected by the direct vote of the people served two terms from 1836 to 1841. He was born and reared in Onslow County. Governor Daniel C. Russell, born in Brunwick County, was the son of two Onslow natives, and spent his childhood at the Onslow home of his grandfather, David W. Sander, a member of the Council of State. He served from 1897 to 1901.

New River, despite its name is known to be the mouth of one of the oldest rivers in America. It is the only large river in North Carolina with headwaters and mouth in the same county, Onslow, and it is one of the few rivers of any size in the United States which flows due north. Its three forks are also unusual that they bring little water in to feed the main stream. Another peculiarity is that it seems to be all mouth and nothing much more. The estuary is about 20 miles long, and three to five miles wide.

The first Court House for Onslow County is believed to have been located at Court House Bay, six miles from the mouth of New River. The second County Seat and Court House were on northeast branch about 20 miles from the mouth of New River, where the U.S. Marine Corps Officers Quarters at Paradise Point, Camp Lejeune, are now located. The third Court House location at Johnstown, named for Royal Governor Garriel Johnston, was about 14 miles from the mouth of New River. The town failed to grow and most of the buildings were destroyed by the hurricane in 1752. The last and present Court House site was named "Wantland Ferry" for James Wantland, who in 1756 donated an acre of land "Convenient to a good many" for the Court House. Four edifices preceded the present structure erected in 1904 and remedied in 1951.

Records in the Register of Deeds Office at the County Court House in Jacksonville date back to 1713.

Wars seriously affected the New River region throughout their early history. After the Indian Wars, Spanish Bucaneers and pirates beset the region. During the Spanish Invasion in the 1740's, prisoners were brought into the Onslow County Section through Bear Inlet. Henry Morgan and his pirate associates are said to have used New River inlet as a hideout.

Militia men were trained for the French and Indian Wars and for the Revolutionary Conflict. Onslow residents had courageous parts in the fight for freedom and independence.

Within two years after the creation of the U.S. Marine Corps, Marines were on duty in the coastal area, being assigned to the Privateer Sturdy Beggar off New Bern in 1777. They sailed against two English rigs which has arrived with-

in the bar on the Carolina seashore and captured several vessels.

In 1941 at the outbreak of World War II, the area around Jacksonville was again the scene of U. S. Marines on duty, Camp Lejeune was originated, named for the famous General Lejeune. Camp Lejeune is the world's largest amphibious training base, covering an area of 173.8 square miles. Camp Lejeune starts one mile from the center of Jacksonville and extends to the Atlantic Ocean. The base is a city itself and is completely self-sufficient. It has its own power plant, garbage and disposal plant, water treatment plant. Its building, which number in excess of 400 are permanent structures of steel, brick and cement. It is beautifully landscaped with azaleas and native flora. Camp Lejeune offers its visitors an unparallel view of America's defense strength in its natural scenic beauty.

Onslow County is one of the few coastal counties in North Carolina whose mainland borders the ocean without an intervening sound. The County is basically agricultural and fresh foods and fish are enjoyed daily.

Jacksonville and Onslow County flourished through the years, its native residents being occupied in farming tobacco, corn, peanuts, cotton, etc.; others cutting and processing lumber for tar pitch and turpentine, others sailing the ocean and rivers of the area bringing in fish, shrimp and famed large and luscious oysters from New River, still others; merchants, lawyers, politicians, educators.

Tar, pitch, and turpentine—used to form the chief products of the county, but the pine business has been discontinued. Tobacco, corn, peanuts, soybeans and livestock now form important sources of income for Onslow Farmers. Onslow County hams are known far and wide for their delicious flavor. New River oysters are known to be large are luscious, they grow singly instead of in clusters.

Onslow County's forests produce many merchantile species of trees, such as the loblolly pine, gum, oak, cypress, juniper, etc.

Forest Area (Acres).	.366,600
Growing Season (Days).	248
Tobacco Valuation (1953). . .	$6,000,000
Livestock Valuation (1953). .	$2,000,000
Total Land Area (Acres). . . .	.483,840

A large amount of acreage, ideally located, is available for industry, and there is an abundance of workers for any type of commercial enterprise. Many marines, upon discharge or retirement remain in the community.

Fourteen miles north of Jacksonville on Highway 17 at Belgrade is an extensive deposit of shell rock, from which thousands of tons have been removed for use in airfield and highway construction.

Tax Rate in the City is $1.70 per $100.00. Tax Rate in the County is $1.28 per $100.00, permitting a low tax of $1.28 per $100.00 or a high of $2.98 per $100.00.

There is a newly completed and enlarged sewage treatment plant plus a new water treatment plant. There are two electric power companies serving the entire county.

Carolina Telephone & Telegraph, with an investment of over a million dollars in equipment and lines is also serving many thousands of homes in Onslow County.

THE IDEAL PLACE TO LIVE

Jacksonville can be your home while you hunt and fish in the beautiful forests, rivers, creeks and ocean that are in and border Onslow County. In our forests and plains there are bear, deer, quail, rabbit, wild turkey, duck, geese and many other game birds and animals to be found.

The City is situated on beautiful New River, which has been known by many generations of fresh water fisherman's paradise. The great game hunting reserve known as Huffman Forest covers 80,000 acres and almost reaches the City. Coastal Highway U. S. 17 runs through Jacksonville.

In New River and its creeks, and in the Atlantic Ocean, a veritably treasure of thrills and surprises await the angler with the multitude and assortment of fish to be caught, bass, perch, trout, lue, sheephead, mullett, etc.

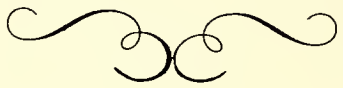

There are over ten miles of sandy beach bordering the Atlantic Ocean, within easy driving distance from Jacksonville.

As this directory is being published, the City has its own recreation build-

ing, which operates daily programs. There are two beautifully equipped USO Clubs serving off-the-base needs of the many Marines based at Camp Lejeune. In addition there are 4 modern indoor Theatres and also 6 Drive-In Theatres in the area. Jacksonville also has a new modern Country Club with a golf course and swimming pool, which was completed during 1956.

The business and professional people of the Jacksonville Area have made this brochure possible, to give you a little bit of factual information about the friendly area about which you have inquired. They extend greetings and best wishes to you with the hope that you plan to visit us or locate with us permanently. You will be glad you did!

No. 1 Salesman — Because

. . . . More people listen to WLAS than any other medium in the Jacksonville area. Surveys prove this statement! The most recent authoritative survey again puts WLAS well out in front!

WLAS announcers have convincing sales voices, trained to do a job which is preferred by listeners . . . and they get results for the advertisers!

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

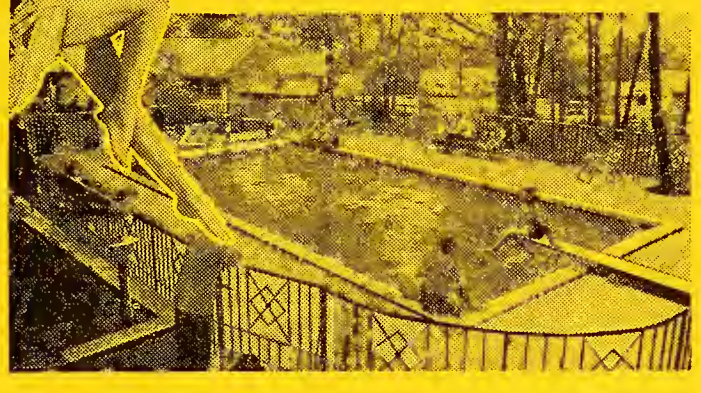

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

WORLD FAMOUS ESTHER WILLIAMS SWIMMING POOLS

Esther Williams says:

"If you can afford a car, you can have this pool in your backyard."

You can have this big, in-the-ground pool, designed by Esther Williams, internationally famous swimming star. It's the newest and smartest means of family fun and healthful outdoor exercise. And you'll be amazed at the low cost.

Your Country Club — at Home Perfect for Dad after a hard day's work. Swimming keeps Mom's figure in tip-top shape, and what a delightful way to entertain! For the youngsters it's seventh heaven and safe, too.

Complete, Clean, Safe Fill it only once. Water is automatically filtered pure and clean. All accessories at no extra cost—fiberglass diving board, stainless steel ladder, underwater light, pool cover for safety when pool is not in use —and many others. Big play area —3 ft. deep, roped off at one end for tots, yet water is almost 8 ft. deep off springboard.

Call us today for free descriptive booklet. Find out how easy it is to enjoy *your own* Esther Williams Swimming Pool.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CONSULT THE CLASSIFIED BUSINESS SECTION

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

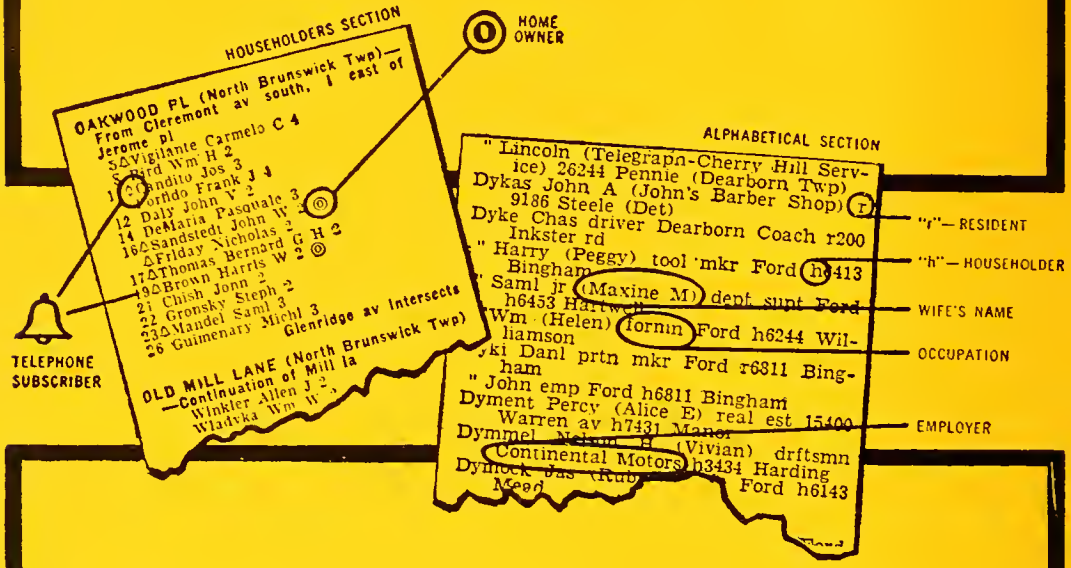

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100- Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

WORLD FAMOUS ESTHER WILLIAMS SWIMMING POOLS

Esther Williams says:

"If you can afford a car, you can have this pool in your backyard."

You can have this big, in-the-ground pool, designed by Esther Williams, internationally famous swimming star. It's the newest and smartest means of family fun and healthful outdoor exercise. And you'll be amazed at the low cost.

Your Country Club — at Home Perfect for Dad after a hard day's work. Swimming keeps Mom's figure in tip-top shape, and what a delightful way to entertain! For the youngsters it's seventh heaven and safe, too.

Complete, Clean, Safe Fill it only once. Water is automatically filtered pure and clean. All accessories at no extra cost—fiberglass diving board, stainless steel ladder, underwater light, pool cover for safety when pool is not in use —and many others. Big play area —3 ft. deep, roped off at one end for tots, yet water is almost 8 ft. deep off springboard.

Call us today for free descriptive booklet. Find out how easy it is to enjoy *your own* Esther Williams Swimming Pool.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1958

Copyright, 1958, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

CAROLINA'S FINEST AND MOST MODERN

Don't Contribute to Counterfeiters KNOW YOUR MONEY!

Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT	*Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
	Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
COLORED SEAL	*Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.
	Genuine—Saw-tooth points around rim are even and sharp.
SERIAL NUMBERS	*Counterfeit*—Poorly printed, badly spaced, uneven in appearance.
	Genuine—Figures firmly and evenly printed, well spaced.
PAPER	*Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
	Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U.S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or $7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

Published in Cooperation with United States Secret Service Treasury Dept.
